**I can't even remember how many hours I've plowed through AG2P. It's been a long haul, but I've been looking forward to it since day one.**

**AG2P is filled with superbly crafted dungeons, an engaging story, and some of the best gameplay in 2015.**

**This game has a story that really stretches your boundaries. It's easy to get lost in its odd narrative, as it twists and turns, but the payoff is definitely worth the journey.**

**The storyline is much like a big mystery with a lot of questions that I'm still dying to be answered.**

**Regardless of how deeply you delve into the story, there is a lot to experience here. Not just dungeon racing: explore the lands beneath your feet and step into this gritty, yet whimsical world. It's the strong in-game design that makes this game so addictive.**

**This is the quickest gaming experience I've ever had. I can usually sit for hours at my computer as an expo arena greets me with a long eternal loading screen. But, there's just no waiting around in Arcane Gates 2 Party Play.**

**With no loading screens or stalling in the action, it's easy to forget about all the extra time in the open-world and focus on just getting to the next breathless moment.**
