of the human MHC class I molecules. MHC class I molecules are a subset of the family of polymorphic cell surface glycoproteins present in virtually every type of nucleated cell. The MHC genes consist of two loci, class Ia and class Ib. Using a panel of isotypic monoclonal antibodies against the HLA-A, B and C loci, we have established a simplified method which, in contrast to the generally used serological techniques, offers a sensitive and highly reproducible quantification of the HLA-A, B and C alleles using a multiwell-incubation procedure. A rapid, efficient, and a technically uncomplicated method should facilitate cloning, allele-specific amplification and identification of MHC haplotypes. Police, prosecutors and sometimes federal agents have for years used a controversial insider-trading technique to chase down Wall Street traders who are suspected of trading on nonpublic information about deals. Now federal prosecutors, after a wave of settlements in recent years, are turning to a newer method to rid the industry of errant traders. They have imposed a criminal charge of illegally trading on such tips in an effort to get traders to roll over their illicit trades. The strategy, which prosecutors have used successfully in settlements in New Jersey and Florida in recent years, can be a potent weapon in the course of any investigation. Yet a number of economists say the alleged tactic is just part of a broad, secret effort to root out players in a niche but highly profitable market known as stock-tip trading. News Red Bulls Front Office Agrees to 'Extended Leave of Absence' July 19, 2018 New York Red Bulls General Manager Luis Robles confirmed yesterday that Robin Fraser, the team's Assistant General Manager, has taken an extended leave of absence. He wrote a letter saying that he really likes her and he wants to meet her. She told me to keep it a secret that she had a boyfriend, so I called Mark and told him that we could meet on Friday. She drove me to his house. I was nervous, but I wanted to meet him. I knocked on the door, and he called me in. I walked into his place. It was messy - he hadn't cleaned it yet. "What do you want me to do?" he asked. "Um... I'm nervous
